

Power Up

Get premium performance for even the largest outdoor speaker systems with a Crown® amplifier. Its compact form factor makes it easy to store, but don't let its size fool you – it has enough power to keep your speakers rocking.

- **Custom DSP Settings**

Preconfigured DSP settings ensure this amp pairs perfectly with your Episode® system. It even supports hybrid 70V/8-ohm systems, making it among the most versatile amps available.

- **Ample Power**

Available in 1,000W and 2,000W options, this two-channel amp delivers exceptional performance to spaces both big and small.

- **Versatile Outputs**

With multiple output configurations, you'll get optimal sound in any situation – no matter the size and system you choose.
